## STATEMENT OF PROBLEM

To design a Chipotle and a bookstore in the old BMW dealership for Jaba Links Design. The top floor will be a chipotle with a glass wall overlooking the neighborhood and park. The bottom will be the bookstore. The rest of the lot will be transformed into a park with trees and benches and maybe a basketball court. The site is located off of Highway 14 in Arlington Heights. The project will be completed by June of 2010.
